EXPERIENCE

Libra Solutions Group | System Administrator

Las Vegas, Nevada | Jan 2024 - Present

- System Administrator driving endpoint, identity, and compliance automation across a multi-domain enterprise environment using PowerShell and Intune
- Partnered with cross-functional teams, vendors, and engineers to diagnose and resolve complex technical issues across enterprise infrastructure.
- Built PowerShell automation for end-to-end onboarding/offboarding, including Microsoft 365 license provisioning and deprovisioning.
- Established baseline Microsoft Intune MDM compliance and security policies, then administered enforcement across a multi-domain, multi-OS device fleet.
- Architected a PowerShell-automated, multi-domain Active Directory onboarding system for 800+ users, streamlining identity provisioning to support a 35% workforce expansion.
- Trained and managed help desk teams on ticket triage, reducing average resolution time from 2–3 hours to under 1 hour.
- Own device lifecycle management end to end, including secure decommissioning, license auditing, and inventory accuracy across the fleet.

Convexx Event Management | IT Support Specialist

Las Vegas, Nevada | Mar 2022 - Jan 2024

- Administered customer and vendor databases, maintaining data integrity, and improving overall user experience
- Owned all onsite and remote IT support operations for large-scale business events, troubleshooting infrastructure issues under high-demand conditions
- Onboarded and trained users on new server and database technologies, accelerating adoption and reducing recurring support tickets.
